\*Members of the Local Health Committee for the Thornaby Area.

The Health Committee consists of the whole of the members of the Council.

Town Clerk ... ..	A. Stockwell.
Borough Treasurer ... ..	H. M. Draycott, F.I.M.T.A.
Borough Engineer ... ..	J. L. Watson, M.I.Mun.E., M.R.S.H.

## Public Health Staff :

Medical Officer of Health

J. McGOVERN, M.B., Ch.B., D.P.H.

Chief Public Health Inspector

H. C. SLATER, M.R.S.H., M.A.P.H.I.

Additional Public Health Inspector

R. W. DOBSON, M.A.P.H.I.

To the Chairman and Members of the Health Committee.

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present the Annual Report on the Health and Sanitary Circumstances of the Borough of Thornaby-on-Tees for the year ended 31st December, 1958.

The year 1958 proved a satisfactory year, with progress in the Health Services of the Borough both personal and enviromental. The Authority responsible for the personal services is the County Council, regular reports of the progress in this field being made to the Area Health Committee which contains members of the Thornaby Town Council. The town councillors who are represented on the Area Health Committee are able to make valuable recommendations with particular reference to the local circumstances.

I mentioned in my report for 1957 that the infant mortality rate was the second lowest in our history and I expressed a hope that we should not feel complacent, but strive for further improvement. I find it a pleasure to report that the Infant Mortality Rate for 1958 is the lowest ever recorded in the Borough. The gap between the rate for England and Wales as a whole and our local rate has been almost closed.

The birth rate and death rate are both above the National figures. The causes of death are similar to the causes for the country as a whole.

Apart from measles, which accounted for more than two thirds of the notifications for notifiable disease, there were very low figures. Two cases of poliomyelitis were reported, both mild and neither had been immunised. Eight cases of pulmonary tuberculosis were reported, and three deaths occurred from this cause, but it should be noted that the three deaths were in the 65 and upwards age group.

The poliomyelitis vaccination programme continued at a steady rate, all supplies of vaccine being used as it arrived.

The Council's policy of slum clearance gained momentum during the year and instead of individual demolitions, clearance areas and clearance orders were passed.

The section of the report dealing with the Sanitary Circumstances of the Borough has been supplied by the Chief Public Health Inspector, Mr. Slater. He has detailed the various aspects of the work of the department.

This introduction to the Annual Report would not be complete without an expression of thanks from myself and the Chief Public Health Inspector to the Council for their wholehearted co-operation and help at all times. I should like to express my thanks to the Officers of the Council for their assistance and to the members of the Public Health Staff for their loyal co-operation.

I am, Ladies and Gentlemen,

Your obedient Servant,

J. McGOVERN.

## STATISTICS AND SOCIAL CONDITIONS OF THE AREA.

Area (Acres) ... ..	1,993
Population ... ..	23,720
Number of inhabited houses (end of 1958) ... ..	6,651
Rateable Value ... ..	£180,820
Sum represented by a penny rate ... ..	£740

The Town is situated on the southerly bank of the River Tees which forms the northern boundary of the Borough and separates it from the Borough of Stockton-on-Tees. On the easterly side it is contiguous with the County Borough of Middlesbrough, and on the southerly and westerly sides with the Rural District of Stokesley.

The surface of the ground is mainly flat, the sub-soil clay, and the industries carried on in the town are mainly connected with the iron and steel trades.

Many of the population work in the neighbouring areas of Middlesbrough, Stockton and Billingham.

### Extracts from Vital Statistics for the Year 1958.

		Total	Male	Female
Live Births—Legitimate	...	488	240	248
Illegitimate	...	23	8	15
Total	...	511	248	263

#### Birth Rates.

Legitimate 19.34 per 1,000 estimated resident population.

## DIPHTHERIA PREVENTION.

Diphtheria anti-toxin is supplied free to any Medical Practitioner in the Town who applies for it. Swabs from suspected cases are examined at the Public Health Laboratory, General Hospital, Middlesbrough.

There were no cases of diphtheria during the year.

As regards diphtheria prevention, over 90% of Thornaby school children have been immunised against the disease since the inception of the Anti-Diphtheria Campaign in 1940.

In the course of medical inspections at schools and at the Welfare Centres parents are encouraged to have their children protected against Diphtheria either at the Clinic on Monday or Thursday or by a private medical practitioner by arrangement.

## IMMUNISATION AND VACCINATION

Diphtheria Immunisations	...	...	...	...	...	351

## GENERAL PROVISION OF HEALTH SERVICES IN THE BOROUGH.

### 1. PUBLIC HEALTH OFFICERS OF THE LOCAL AUTHORITY.

At the beginning of the Report a list is given showing the Officers connected with the Health Services in the Borough.

### 2. SERVICES PROVIDED IN THE AREA.

Laboratory Facilities. During the year the Borough Council continued the arrangements offered by the Public Health Laboratory, General Hospital, Middlesbrough, in respect of the diagnosis of pathological specimens.

### 3. NATIONAL HEALTH SERVICE ACT, 1946.

With certain exceptions the Thornaby Area Health Sub-Committee exercises the functions of the Local Health Authority in supervising the services provided for under this Act. The Committee meets once a month in Thornaby and is comprised of members of the County Council, the Borough of Thornaby-on-Tees and the Rural District of Stokesley. Among the services for which they are responsible to the County Council are the following :—

Domestic Helps.

Prevention of illness ; care and after care.

The Ambulance Service.

Vaccination and Immunisation.

Home Nursing.

Health Visiting.

Midwifery.

Care of mothers and young children.

In this connection, a very comprehensive programme of clinical work is carried out in the Health Centre, Thornaby :—

#### (a) District Nurses and Midwives operating in the Borough.

Nurse Boag	District Nurse and Midwife. Tel. 67226			
„ Greenan	„	„	„	—
„ Griffin	„	„	„	68610
„ Hildon	„	„	„	68628
„ Blamires	District Nurse			67293

„ Mason	„	„		68803
„ White	Midwife			66532

- (b) Infant Welfare Clinics.  
Tuesdays and Thursdays at 2 p.m.
- (c) Ante-Natal Clinics.  
Fridays at 2 p.m.
- (d) Post-Natal Clinics.  
Every Friday at 2 p.m.
- (e) Sunlight Clinics.  
Tuesdays and Thursdays at 9 a.m.
- (f) Family Planning Clinic.  
Wednesdays (except August) at 2 p.m.
- (g) A Minor Ailments session for schoolchildren is held on  
Tuesdays and Fridays at 9 a.m.
- (h) The services of Orthopaedic, Ophthalmic, Dental and  
Aural Consultants are available (by appointment).

#### 4. NATIONAL ASSISTANCE ACT, 1948.

Section 47. No cases dealt with during the year under the provisions of this section.

### SANITARY CIRCUMSTANCES OF THE AREA.

#### **Water.**

There is an adequate piped supply to all households obtained from the Tees Valley Water Board. Co-ordination is established with the Board, whose chemists take samples regularly for chemical and bacteriological examination. All samples have been highly satisfactory and no complaints have been received during this year.

#### **Drainage and Sewerage.**

With the exception of the Vale Cottages, situated on the Borough boundary and well outside the populated area, the town has a complete water carriage system. The whole of the sewerage is discharged in a crude state into the River Tees.

#### **Public Cleansing.**

The work is under the immediate control of the Public Health Inspector and is carried out by direct labour. All refuse collected is disposed of by "Controlled Tipping" on the one site at the Erimus.

#### **Camping Sites.**

There are no camping sites in the Borough.

## **Municipal Swimming Baths.**

The whole capacity of the Bath, amounting to 124,000 gallons, can be turned over, refiltered, sterilised, chlorinated and reoxidised in three and a half hours. The break-point system of Chlorination (or super-chlorination) is used, and all samples of bath water taken during the year for chemical and bacteriological examination were highly satisfactory.

## **Closet Accommodation.**

With few exceptions the town has a complete water carriage system.

## **Schools.**

The sanitary conditions of the Schools were satisfactory.

## **FOOD AND DRUGS ACT, 1955**

For the report, as follows, on the sampling work done under the Act I am indebted to the Inspector of Weights and Measures.

I have to report that during the year ending 31st December, 1958, a total of 49 samples of foodstuffs were taken under the above Act for analysis. All of these samples have been certified to be genuine.

A detailed list of samples taken is appended :—

Butter	...	...	...	1	Milk	...	...	...	24
Coffee	...	...	...	1	Milk to Schools	...	...	...	3

There are no Common Lodging Houses in the Borough.

### Slaughterhouses.

Number licensed	...	...	...	...	...	1
-----------------	-----	-----	-----	-----	-----	---

## DISEASES OF ANIMALS ACT, 1950

Routine inspections were carried out for the purpose of enforcement of the provisions of the Act, and Orders made thereunder.

The Area remained free from notifiable diseases.

## INSPECTION AND SUPERVISION OF FOOD.

### (a) Milk Supply.

By virtue of The Milk (Special Designations) (Specified Areas) Order, 1954, the use of a Special Designation has been obligatory for the purpose of all sales of milk by retail in the Borough since 1st April, 1954.

Particulars of registrations made and licenses issued are as follows.

The Milk and Dairies Regulations, 1949-1954:—

Number of registered distributors  
operating from :—

(a) Dairies in the Borough	...	...	...	1
(b) Dairy Farms in the Borough	...	...	...	1
(c) Shops in the Borough	...	...	...	70
(d) Premises outside the Borough	...	...	...	3

The Milk (Special Designation) Regulations, 1949-1954:—

Number of licenses, including supplementary  
licenses, issued in respect of :—

(a) Tuberculin Tested Milk	...	...	...	13
(b) Pasteurised Milk	...	...	...	45
(c) Sterilised Milk	...	...	...	49

(b) **Ice-Cream.**

Food and Drugs Act, 1955, Section 16, and the Ice-Cream (Heat Treatment, etc.) Regulations, 1947 to 1952.

Number of premises registered to manufacture ice-cream	...	...	...	...	...	...	1
--	-----	-----	-----	-----	-----	-----	---

Number of premises registered to sell ice-cream	...	...	...	...	...	...	69
---	-----	-----	-----	-----	-----	-----	----

A 'complete cold mix' is used in the manufacturing premises, and in all other premises where ice-cream is sold the product is pre-packed and stored in continuous freezers.

(c) **Meat and other Foods.**

The following list shows the number of food premises in the Borough, by type of business :—

Meat	...	...	...	...	...	...	22
Fish	...	...	...	...	...	...	4
Fried Fish	...	...	...	...	...	...	16
Refreshments	...	...	...	...	...	...	3
Groceries and Provisions	...	...	...	...	...	...	101
Fruit and Greengroceries	...	...	...	...	...	...	18
Confectionery	...	...	...	...	...	...	12
Sweets	...	...	...	...	...	...	12
Bakehouses	...	...	...	...	...	...	6

TOTAL :— 194

---

Sixteen fried fish shops and eleven butchers shops, are registered under Section 16 of the Foods and Drugs Act, 1955.

Seven hundred and sixty inspections were made of premises where food is prepared, stored or sold.

Byelaws made under Section 15 of the Food and Drugs Act, 1938, and the Hygiene Regulations, 1955-56, were generally well observed. The standard of cleanliness of premises and equipment was good.

Thirty seven informal notices served were complied with and in no case was it found necessary to take statutory action or legal proceedings.

## Carcases and Offal inspected and condemned in whole or in part.

	Cattle Excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Horses
Number killed (if known)	76	2	NIL	155	84	NIL

Pickles and Sauces	...	...	...	...	...			4	7
Miscellaneous	...	...	...	...	...			10	7
TOTALS :—						7	0	5	1

### SHOPS ACT, 1950.

Six hundred and eighty inspections were made under the above Act. Twenty six informal notices served were all complied with by the end of the year.

### ERADICATION OF BED BUGS.

Seven houses were found to be verminous and were sprayed with insecticides containing D.D.T. The results obtained were very satisfactory. Inspections were made to check re-infestation and tenants were advised on precautions to be taken.

The houses of all prospective tenants for Council houses are inspected and the house and furniture must be certified as clear from vermin before removal takes place.

### RODENT CONTROL.

One trained Rodent Operative is employed part time on this work. Regular surveys were made and all complaints given prompt attention.

All sewers in the district received two treatments in accordance with the methods approved by the responsible Ministry, and routine inspections and treatments were made at other Council properties.

The following table shows the number of inspections and treatments carried out during the year :—

Type of Property				No. Inspected	No. Treated	
					Rats	Mice
Local Authority	...	...	...	11	4	1
Dwelling Houses	...	...	...	1524	84	79
Business Premises	...	...	...	330	14	11
				<hr/> 1865 <hr/>	<hr/> 102 <hr/>	<hr/> 91 <hr/>

### REFUSE COLLECTION AND DISPOSAL.

Three, seven cubic yard, Karrier refuse collectors are engaged full time on the collection of refuse, and a Clark tractor/dozer on disposal.

The personnel of the department is fifteen, comprising a fore-man, three drivers, ten ashbin men and a tip attendant.

Refuse is collected from approximately 7,000 premises, and a regular weekly collection service from all premises was maintained throughout the year.

All refuse is disposed of by controlled tipping on low lying land near the old river Tees, and adjoining the Middlesbrough boundary.

### SMOKE ABATEMENT.

Forty smoke observations were made during the year. Nine informal notices were served regarding excessive smoke emission.

The Local Authority is a member of the Tees-side Smoke Abatement Committee, and in common with other members of the Committee is carrying out tests to assess the extent of Atmospheric Pollution. A deposit gauge and a lead peroxide instrument are sited in central positions in the town from which monthly tests are made by the Public Analyst.

The average monthly deposit of total solids for 1958, as measured by the deposit gauge, was approximately 18 tons per square mile.

### PETROLEUM (REGULATIONS) ACTS, 1928 to 1936.

Licences were granted to thirty firms for the keeping of Petroleum Spirit, each licence being for twelve months.

All the petroleum spirit is kept in separate stores, specially constructed of fire-proof materials throughout, and the Regulations otherwise complied with.

# **FACTORIES ACT, 1937.** **INSPECTION OF FACTORIES.**

Premises	No. on Register	Number of		
		Inspections	Written Notices	Occupiers prosecuted
